Part 4

*During 1991 - 1996: The Period of Pushing for the Legislation
and Policy for the Cigarette Tax Increase*

67

General Situation and Nature of the Problems

- 1) Smoking Prevalence of the Thai People in this Period

Critical Events

- 1) Pushing for Related Legislation and Enforcement Measures (1992)
- 2) Creation of the Public Policy for Health: a Tax Increase Policy (1993)

Part 5

Conclusion

79

An Overview of the Evolution

A Summary of the Process and Work Procedures

The Resulting Impacts

Factors Contributing to the Success and those Hindering Success

Factors Contributing to the Success

Factors Hindering the Success

Part 6

Recommendations

93

- 1 Creation and Development of the Healthy Public Policy
- 2 Reorganization of the Health Service Systems for Health Promotion Purpose
- 3 Budget Allocation for Health Promotion
- 4 Increasing Efficiency in the Enforcement of Legal Measures
- 5 Support for the Health Related NGOs
- 6 Support for the Local Community
- 7 Support for the Local Administrative Organizations
- 8 Networking at the National and International Levels
