

# CONTENTS

## INTRODUCTION

Getting Started .....	7
System requirements for Flash authoring .....	7
System requirements for the Flash Player .....	7
Installing Flash .....	8
What's new in Flash MX .....	8
Guide to instructional media .....	11
Launching Flash on a network .....	13

## CHAPTER 1

Working in Flash .....	15
Artwork in Flash .....	15
Animation in Flash .....	15
Interactive movies in Flash .....	16
Application development in Flash .....	16
The Stage and workspace .....	16
Creating a new document .....	19
Setting preferences in Flash .....	20
Using the Property inspector to change document attributes .....	22
Customizing keyboard shortcuts .....	23
Using scenes and the Scene panel .....	25
Using the Timeline .....	26
Using frames and keyframes .....	29
Using layers .....	31
Previewing and testing movies .....	37
Using the Movie Explorer .....	38
Speeding up movie display .....	40
Saving Flash documents .....	41
Configuring a server for the Flash Player .....	42
Printing Flash documents as you edit .....	43

## CHAPTER 2

Working with Flash assets .....	45
Assets and asset management .....	45
Panels and the Property inspector .....	46
Using the toolbox .....	50
Using context menus .....	52
Using the library .....	52
About components .....	56

## **CHAPTER 3**

Drawing .....	57
About vector and bitmap graphics .....	57
Flash drawing and painting tools .....	59
About overlapping shapes in Flash .....	60
Drawing with the Pencil tool .....	61
Drawing straight lines, ovals, and rectangles .....	61
Using the Pen tool .....	62
Painting with the Brush tool .....	67
Reshaping lines and shape outlines .....	68
Erasing .....	70
Modifying shapes .....	71
Snapping .....	72
Choosing drawing settings .....	73

## **CHAPTER 4**

Working with Color .....	75
Using the Stroke Color and Fill Color controls in the toolbox .....	75
Using the Stroke Color and Fill Color controls in the Property inspector .....	77
Working with solid colors and gradient fills in the Color Mixer .....	78
Modifying strokes with the Ink Bottle tool .....	80
Applying solid, gradient, and bitmap fills with the Paint Bucket tool .....	81
Transforming gradient and bitmap fills .....	82
Copying strokes and fills with the Eyedropper tool .....	84
Locking a gradient or bitmap to fill the Stage .....	84
Modifying color palettes .....	85

## **CHAPTER 5**

Working with Graphic Objects .....	87
Selecting objects .....	87
Grouping objects .....	90
Moving, copying, and deleting objects .....	91
Stacking objects .....	93
Transforming objects .....	94
Flipping objects .....	99
Restoring transformed objects .....	99
Aligning objects .....	99
Breaking apart groups and objects .....	101

## **CHAPTER 6**

Working with Text .....	103
About embedded fonts and device fonts .....	104
Creating text .....	104
Setting text attributes .....	107
Creating font symbols .....	111
Editing text .....	112
About transforming text .....	112
Breaking text apart .....	112
Linking text to a URL (horizontal text only) .....	113
Substituting missing fonts .....	113

**CHAPTER 7**

Using Symbols, Instances, and Library Assets.....	117
Types of symbol behavior .....	118
Creating symbols.....	119
Creating instances .....	122
Creating buttons .....	122
Enabling, editing, and testing buttons.....	125
Editing symbols.....	125
Changing instance properties .....	127
Breaking apart instances .....	131
Getting information about instances on the Stage .....	131
Copying library assets between movies .....	133
Using shared library assets .....	133
Resolving conflicts between library assets.....	136

**CHAPTER 8**

Creating Animation.....	137
About tweened animation .....	137
About frame-by-frame animation .....	138
About layers in animation .....	138
Creating keyframes .....	138
Representations of animations in the Timeline .....	139
About frame rates .....	139
Extending still images .....	140
Distributing objects to layers for tweened animation .....	140
Tweening instances, groups, and type .....	141
Tweening motion along a path .....	144
Tweening shapes .....	146
Using shape hints .....	147
Creating frame-by-frame animations .....	148
Editing animation .....	149
Using mask layers .....	151

**CHAPTER 9**

Understanding the ActionScript Language.....	155
Differences between ActionScript and JavaScript .....	155
About scripting in ActionScript .....	156
ActionScript terminology .....	162
Deconstructing a sample script .....	165
Using ActionScript syntax .....	167
About data types .....	170
About variables .....	172
Using operators to manipulate values in expressions .....	176
Using actions .....	182
Writing a target path .....	183
Controlling flow in scripts .....	183
Using built-in functions .....	185
Creating functions .....	186
About built-in objects .....	189
About custom objects .....	192
Using Flash MX ActionScript with older versions of Flash .....	195

**CHAPTER 10**

Creating Interaction with ActionScript .....	199
Controlling movie playback.....	199
Creating complex interactivity.....	203

**CHAPTER 11**

Using Components.....	219
Working with components in Flash MX .....	220
Adding components to Flash documents.....	223
Deleting components from Flash documents.....	225
About component label size and component width and height .....	226
The CheckBox component .....	226
The ComboBox component .....	227
The ListBox component .....	228
The PushButton component.....	229
The RadioButton component.....	230
The ScrollBar component .....	231
The ScrollPane component .....	233
Writing change handler functions for components .....	234
Customizing component colors and text .....	235
Customizing component skins.....	239
Creating forms using components.....	242

**CHAPTER 12**

Publishing .....	249
Playing your Flash movies .....	249
Unicode text encoding in Flash movies .....	250
Publishing Flash documents .....	251
About HTML publishing templates .....	266
Customizing HTML publishing templates .....	267
Editing Flash HTML settings .....	270
Previewing the publishing format and settings .....	277
Using the stand-alone player .....	277
Configuring a Web server for Flash .....	278
Screening traffic to your Web site .....	278

**APPENDIX**

Error Messages .....	279
----------------------	-----

**INDEX**
