| 1. INTRODUCTION | 1 |
| 2. THE WORLD SITUATION | 5 |
| 2.1 The world statistics | 6 |
| 2.2 Smoking control programmes and campaigns | 20 |
| 2.3 The Asian scene | 22 |
| 2.3.1 Smoking problem in developing countries | 22 |
| 2.3.2 Smoking problem in Asia | 23 |
| 2.4 The Thai scene | 48 |
| 2.4.1 Data of tobacco use | 48 |
| 2.4.2 Health implication | 65 |
| 2.4.3 Health economics | 76 |
| 2.4.4 The economic aspects | 77 |
| 2.4.5 The content | 103 |
| 2.4.6 The events, foreign invasion | 104 |
| 2.4.7 Government policies and actions | 127 |
| 2.4.8 Ministry of Public Health | 128 |
| 2.4.9 Restrictions on cigarette distribution and consumption | 129 |
| 2.4.10 Restrictions on advertising and promotion | 130 |
| 2.5 WHO roles | 133 |
| 3. FORMS OF TOBACCO USE | 144 |
| 3.1 Traditional forms of tobacco use in developing countries | 145 |
| 3.2 Smokeless tobacco | 147 |
| 3.3 Lower-yield tar and nicotine brands | 148 |
| 3.4 Unfiltered - Filtered Cigarettes | 149 |
| 3.5 Smoking behavior | 149 |
| 4. PHYSICO-CHEMICAL PROPERTIES OF SMOKE | 151 |
| 4.1 Nicotine | 152 |
| 4.2 The chemical compounds | 154 |
| 4.3 Additives in tobacco products | 157 |
| 4.4 The process of smoking | 173 |
| 5. THE BURDEN OF ILLNESS-HEALTH CONSEQUENCES | 174 |
| 5.1 The health risk | 176 |
| 5.1.1 Evidence connecting smoking with disease | 176 |
| 5.1.2 Smoking habit and total mortality | 177 |
| 5.1.3 Diseases causing excess mortality of cigarette smokers | 181 |
| 5.1.4 Cigarette smoking as a cause of excess mortality | 183 |
| 5.1.5 Cigarette smoking as a cause of excess morbidity | 186 |

| | | |
|--|------------|------------|
| 5.2 Lung cancer | 188 | 230 |
| 5.3 Cardiovascular disease | 197 | 253 |
| 5.4 Chronic obstructive pulmonary disease, bronchitis, pneumonia | 200 | 258 |
| 5.5 Other cancer | 202 | 272 |
| 5.6 Gastric ulcer | 202 | 272 |
| 5.7 Dental disease | 203 | 272 |
| 5.8 Other health hazards | 203 | 273 |
| 5.9 Health hazards due to synergistic action | 205 | 277 |
| 5.9.1 Oral contraceptives | 205 | 277 |
| 5.9.2 Alcohol | 205 | 277 |
| 5.9.3 Asbestos | 206 | 278 |
| 5.9.4 Ionizing radiation | 207 | 281 |
| 5.9.5 Occupational chemicals | 208 | 282 |
| 6. NON-HEALTH HAZARDS | 210 | 285 |
| Fire, Working capacity, Catching other habits, Accidents | 211 | 287 |
| 7. HAZARDS IN CERTAIN CONDITIONS | 212 | 289 |
| 7.1 Smoking in some environment | 213 | 291 |
| 7.1.1 Smoking in industrial plants | 213 | 291 |
| 7.1.2 Smoking while driving | 213 | 291 |
| 7.2 Passive smoking | 213 | 291 |
| 7.2.1 Health implications | 213 | 291 |
| 7.2.2 Passive smoking in women | 216 | 298 |
| 7.2.3 Passive smoking in children | 217 | 299 |
| 7.2.4 Passive smoking-effects upon fetus | 218 | 300 |
| 8. SMOKING PROBLEMS IN DIFFERENT GROUPS OF POPULATION | 219 | 301 |
| 8.1 Tobacco use in juveniles | 220 | 303 |
| 8.1.1 The areas of concern | 220 | 303 |
| 8.1.2 Health consequences | 221 | 304 |
| 8.1.3 Geographic prevalence | 222 | 305 |
| 8.1.4 Association with other drug taking behavior | 226 | 314 |
| 8.1.5 Different kinds of tobacco use | 229 | 317 |
| 8.1.6 Anti-smoking campaigns | 229 | 317 |
| 8.1.7 Quitting | 229 | 317 |
| 8.1.8 Health education | 230 | 318 |
| 8.1.9 Government action | 230 | 318 |
| 8.1.10 Case example-the American Youths | 230 | 318 |

| | |
|--|--------------------|
| 8.2 Tobacco use in women | 232 320 |
| 8.2.1 General aspects | 232 320 |
| 8.2.2 Health implicatons | 237 325 |
| 8.2.3 Smoking during pregnancy | 242 330 |
| 8.2.4 Women taking oral contraceptives | 245 335 |
| 8.3 Tobacco use in the elderly | 246 336 |
| 8.4 Tobacco use in different professions | 248 338 |
| 8.5 Tobacco use in sportmen | 248 338 |
| | |
| 9. SMOKING CONTROL PROGRAMMES | 249 339 |
| 9.1 Objectives | 250 341 |
| 9.2 General programme structure | 250 341 |
| 9.3 Data collection | 251 342 |
| 9.4 Public information and public education | 252 343 |
| 9.4.1 Public information | 252 343 |
| 9.4.2 Public education | 257 348 |
| 9.5 Restrictive measures and legislation | 260 351 |
| 9.5.1 Control of advertising and sale promotion | 263 354 |
| 9.5.2 Requirements for health warning and statement of tar and nicotine contents | 294 390 |
| 9.5.3 Control of harmful substances | 299 395 |
| 9.5.4 Restrictions on sales to adults | 300 396 |
| 9.5.5 Taxation and price policy | 300 396 |
| 9.5.6 Economic strategies | 307 403 |
| 9.5.7 Restrictions on smoking in public places | 309 405 |
| 9.5.8 Restrictions on smoking in the work place | 314 410 |
| 9.5.9 Preventing young people from smoking | 323 419 |
| 9.5.10 Mandating health education | 323 419 |
| 9.5.11 Distribution of tobacco products | 324 420 |
| 9.5.a Obstacles | 324 420 |
| 9.5.b Impact of legislation | 325 421 |
| 9.5.c Administrative and judicial actions | 327 423 |
| 9.5.d Approaches to legislative action | 330 426 |
| 9.6 Smoking cessation | 331 427 |
| 9.6.1 The addictive properties of tobacco | 331 427 |
| 9.6.2 Smoking-cessation activities | 334 430 |
| 9.7 Evaluation of the smoking control programmes | 336 434 |
| 9.8 Primary prevention | 336 434 |
| 9.9 The national organization | 338 436 |
