<i>Preface</i>	ix
<i>Abbreviations</i>	xi
<b>1 Setting the scene</b>	<b>1</b>
1.1 Introduction	1
1.2 The what, who and where of contemporary international environmental law	1
1.2.1 What does international environmental law deal with?	1
1.2.2 Who makes international environmental law?	3
1.2.3 Where do we find international environmental law?	4
1.3 Terminology	5
1.4 Aims and outline	6
<b>2 Origins and development</b>	<b>8</b>
2.1 Introduction	8
2.2 Early beginnings: continuity and change	8
2.2.1 Nature conservation treaties	8
2.2.2 Non-governmental organizations	11
2.3 From transboundary to global concerns	12
2.4 North-South relations	17
2.5 The roles of actors other than states	20
2.6 Assessment	22
<b>3 Evolving insights about what is at stake</b>	<b>24</b>
3.1 Introduction	24
3.2 Harmful substances, disturbances and the environment	25
3.3 Responding to and preventing accidental pollution	28
3.3.1 Nuclear accidents	28
3.3.2 Shipping accidents	30
3.3.3 Industrial accidents	33
3.4 Responding to and preventing operational pollution	34

3.4.1	Introducing best available technology and best environmental practices	34
3.4.2	Banning or phasing out substances or activities	36
3.4.3	Internationally agreed emission reductions	37
3.5	Addressing trade in hazardous substances	39
3.5.1	Prior informed consent procedures	40
3.5.2	Trade in hazardous waste and North–South relations	42
3.5.3	Competing regulatory approaches to trade in decommissioned ships	43
3.6	Ecosystem-based governance	44
3.6.1	Ecosystems, ecosystem governance and social-ecological resilience	44
3.6.2	Ecosystems and governance arrangements	46
3.7	The Anthropocene	49
3.8	Assessment	50
<b>4</b>	<b>Principles</b>	<b>52</b>
4.1	Introduction	52
4.2	Relevant documents	52
4.3	Legal status	53
4.4	Cooperation	55
4.5	Relations of interdependence	58
4.5.1	No harm	58
4.5.2	Equitable and reasonable utilization	59
4.5.3	Common concern of humankind	62
4.5.4	Sustainable development	65
4.5.5	Inter-generational equity	66
4.5.6	Intra-generational equity	67
4.5.7	Common but differentiated responsibilities	69
4.6	Due diligence	70
4.6.1	Prevention principle	71
4.6.2	Precautionary principle	72
4.7	Operational principles	75
4.7.1	Integration	75
4.7.2	Polluter pays	76
4.7.3	Exchange of information	78
4.7.4	Assessment of environmental impacts	80
4.7.5	Transparency, participation and access to justice	83
4.8	Assessment	84

<b>5</b>	<b>Institutional structures</b>	<b>87</b>
5.1	Introduction	87
5.2	MEAs and localized international decision-making	89
5.2.1	International watercourses	90
5.2.2	Migratory species	90
5.2.3	Shared marine fisheries resources	91
5.2.4	Preventing marine pollution	94
5.3	MEAs prescribing globalized international decision-making	96
5.4	Institutional linkages	100
5.5	MEAs, financial mechanisms and international financial institutions	102
5.6	Assessment	106
<b>6</b>	<b>Dispute settlement and accountability mechanisms</b>	<b>108</b>
6.1	Introduction	108
6.2	MEAs and inter-state dispute settlement procedures	109
6.3	MEAs and compliance mechanisms	112
6.4	Individual or group triggered accountability mechanisms	116
6.4.1	International development banks	116
6.4.2	The Aarhus Convention Compliance Committee	118
6.4.3	Procedures established by private actors	119
6.5	Assessment	122
<b>7</b>	<b>The relationship with other areas of international law</b>	<b>123</b>
7.1	Introduction	123
7.2	Human rights law	123
7.2.1	The right to a clean or healthy environment	124
7.2.2	Substantive human rights	125
7.2.3	Procedural human rights	127
7.3	The law of armed conflict	128
7.3.1	The law of armed conflict and the protection of the environment	128
7.3.2	International environmental law in times of armed conflict	131
7.4	Trade law	133
7.4.1	MEAs-based trade measures	135
7.4.2	The GATT and unilateral import restrictions	136
7.4.3	The SPS Agreement and the precautionary principle	139

7.4.4	The TBT Agreement and environmental labelling schemes	140
7.4.5	The SCM Agreement and environmental subsidies	141
7.5	Investment law	142
7.6	Assessment	144
<b>8</b>	<b>Conclusion: continuity and change</b>	<b>146</b>
8.1	Introduction	146
8.2	The relationship between developing and developed states	146
8.3	Institutional fragmentation	148
8.4	Emerging similarities between the roles of NGOs and private-sector actors	149
8.5	Linking the local and the global in regulatory approaches	150
8.6	The role of third parties in assessing state responsibility and compliance	151
8.7	Final remarks	152
	<i>Table of cases</i>	153
	<i>Table of instruments</i>	159
	<i>Index</i>	173
