

Contents

I. Introduction: Integrating Technology and Strategy, 1

Technology, Innovation, and Strategy: A General Management Perspective, 1

A. Technology and the Manager, 12

Case I-1 Claire McCloud, 12

Reading I-1 The Art of High-Technology Management, 19

II. Design and Evolution of Technology Strategy, 33

Designing and Implementing a Technology Strategy, 33

A. Distinctive Technological Competences and Capabilities, 45

Case II-1 Advent Corporation (C), 45

Reading II-1 How to Put Technology into Corporate Planning, 60

Reading II-2 The Core Competence of the Corporation, 64

Case II-2 Biodel, Inc. (A), 76

Case II-3 EDS: Information Technology Outsourcing, 90

Reading II-3 Taking Technology to Market, 109

B. Technological Evolution, 118

Case II-4 EMI and the CT Scanner (A) and (B), 118

Reading II-4 Technological Forecasting for Decision Making, 135

Reading II-5 Patterns of Industrial Innovation, 154

Case II-5 Banc One Corporation and the Home Information Revolution, 160

Reading II-6 Management Criteria for Effective Innovation, 178

Reading II-7 Organizational Determinants of Technological Change, 186

C. Industry Context, 207

Case II-6 Telecommunications Industry Note, 207

Case II-7 The Wireless Communications Industry: After AT&T-McCaw, 212

Reading II-8 Profiting from Technological Innovation, 231

Reading II-9 Telephone Companies, 250

Case II-8 Mips Computer Systems (A), 259

Case II-9 The Operating System Software Industry in 1994, 275

Reading II-10 Competition, Compatibility and Standards, 295

Reading II-11 Competing Technologies: An Overview, 304

D. Organizational Context, 314

Case II-10 Intel Corporation (A): The DRAM Decision, 314

Reading II-12 Fading Memories, 339

Case II-11 Bendix Corporation (A), 351

Reading II-13 Corporate Entrepreneurship and Strategic Management, 370

Reading II-14 Technological Discontinuities and Organizational Environments, 381

Reading II-15 Architectural Innovation, 401

E. Strategic Action, 415

Case II-12 Biotechnology: A Technical Note, 415

Case II-13 Monsanto's March into Biotechnology (A), 418

- Reading II-16* Strategic Intent, **430**
Case II-14 Intel Corporation (C): Strategy for the 1990s, **443**
Case II-15 Intel Corporation (D): Microprocessors at the Crossroads, **455**
Case II-16 Allegheny Ludlum Steel (Abridged), **478**

III. Enactment of Technology Strategy—Developing the Firm’s Innovative Capabilities, 493

Designing and Managing Systems for Corporate Innovation, **493**

A. Technology Sourcing, **507**

- Case III-1* Aerospace Systems (A) and (B) (Condensed), **507**
Reading III-1 The Lab that Ran Away from Xerox, **518**
Case III-2 Duval Research Center, **521**
Reading III-2 Financial Engineering at Merck, **531**
Reading III-3 The Transfer of Technology from Research to Development, **533**
Reading III-4 Absorptive Capacity, **541**
Case III-3 Advanced Drug Delivery Systems: ALZA and CIBA Geigy (A), **558**
Case III-4 ALZA Corporation (A), **576**
Case III-5 CIBA-Geigy Limited: Pharmaceutical Division (A), **581**
Reading III-5 Collaborate with Your Competitors—and Win, **592**
 B. Corporate Innovation, **598**
Case III-6 Allstate Chemical Company, **598**
Reading III-6 Managing the Internal Corporate Venturing Process, **610**
Case III-7 Medical Equipment (A), **621**
Reading III-7 Agency Costs and Innovation, **629**
Case III-8 PC&D, Inc., **642**

IV. Enactment of Technology Strategy—Creating & Implementing a Development Strategy, 657

Creating and Implementing a Development Strategy, **657**

- A. New Product Development, **673**
Case IV-1 Apple Computer (A), **673**
Reading IV-1 Communication Between Engineering and Production: A Critical Factor, **691**
Reading IV-2 The New Product Learning Cycle, **698**
Case IV-2 Texas Instruments’ “Speak and Spell” Product, **712**
Case IV-3 Microsoft LAN Manager, **729**
Case IV-4 Plus Development Corporation (A) (Abridged), **747**
Reading IV-3 Organizing and Leading “Heavyweight” Teams, **758**
Reading IV-4 The Power of Product Integrity, **770**
 B. Building Competences/Capabilities through New Product Development, **782**
Case IV-5 Braun AG: The KF 40 Coffee Machine (Abridged), **782**
Case IV-6 Chaparral Steel: Rapid Product and Process Development, **800**
Case IV-7 Associated Instruments Corporation: Analytic Instruments Division, **813**
Case IV-8 Campbell Soup Company, **823**
Reading IV-5 Creating Project Plans to Focus Product Development, **838**
Reading IV-6 The New Product Development Map, **849**
Reading IV-7 Accelerating the Design-Build-Test Cycle for Effective Product Development, **859**
Reading IV-8 How to Integrate Work Experience and Deepen Expertise, **868**

V. Conclusion: Innovation Challenges in Established Firms, 877

Conclusion: Innovation Challenges in Established Firms, **877**

- Case V-1* Reshaping Apple Computer’s Destiny 1992, **878**
